

All the Time in the World from **Orpheus**, music and lyrics by John Rea

Eurydice

Now I promise to be here for you
And I promise I won't fear
The path I take or the things I might break
I will whisper in your ear – I'm yours

We have all the time in the world

Orpheus

All the time in the world

Eurydice

All the time in the world

Orpheus

All the time in the world

Eurydice

All the time in the world

Eurydice and Orpheus

To be together

Eurydice

All the love in the world

Orpheus

All the love in the world

Eurydice

All the love in the world

Orpheus

All the love in the world

Eurydice

All the love in the world

Eurydice and Orpheus

To share forever

Eurydice

And I promise I will share with you
The secrets of my heart
May the stars foretell that all will be well
That we'll have a fateful start – today

O I have waited all my life for this

Orpheus
I've waited all my life

Eurydice
And you will be my only love's true kiss

Orpheus
You'll be my love's true kiss

Eurydice
I want children to raise
And to love them in a million ways
Such singers they'll be

Eurydice and Orpheus
We'll tend our garden trees
Grow flowers for the bees
And smile into the breeze – wait and see

Eurydice
We have all the time in the world

Orpheus
All the time

Eurydice
All the time in the world

Orpheus
All the time

Eurydice
All the time in the world

Eurydice and Orpheus
To be together

Eurydice
All the love in the world

Orpheus
All the love

Eurydice
All the love in the world

Orpheus
All the love

Eurydice
All the love in the world

Eurydice and Orpheus
To share forever - yes

Ensemble enters and begin the clapping rhythm in their wedding positions.

Ensemble
Welcome and embrace. Shower them with grace.
Help them find their place – oh gods

Their dance has just begun. Let two now be one.
'Till all their days are done – oh gods

Goodness and mercy, goodness and mercy, goodness and mercy – gods we praise
Goodness and mercy, goodness and mercy, goodness and mercy – all their days, all their days

Pythia stands between Orpheus and Eurydice and marries them.

Pythia
In sorrow and in joy

Ensemble

Gods we bless them with our hands
With no exceptions, no demands
Our living now expands with love
It is good and it is right
Let our prayers take flight with love

Ensemble

Goodness and mercy, goodness and mercy, goodness and mercy – gods we praise
Goodness and mercy, goodness and mercy, goodness and mercy – all their days, all their days

Goodness and mercy, goodness and mercy, goodness and mercy – gods we praise
Goodness and mercy, goodness and mercy, goodness and mercy – all their days, all their days

A processional up the set.
